Art - This will take place at the covered and shaded park pavilion. It is a weeklong themed opportunity to explore creativity and learn traditional camp crafts like Lanyards, etc. Campers may also participate in Art as a integrated activity rather than a stand alone program.

Archery/Outdoor Games - We will provide weekly exposure to Archery. In addition this period will be about typical camp games, scavenger hunts and a time connect with friends in their group.

Science/Outdoor Programs - During Science and Outdoor programs your camper will be hiking, fishing, exploring the park and learning weekly theme specific subject matter that gives them a broad understanding of how we all fit in this amazing ecosystem that is earth.

Additionally, during each day your camper will participate in Council Circle. It is during this time they will work as a group on a specific project to present to the circle each day. It is a time for building the spirit and intent of Camp Fire to help each of our kids "Find the Spark, Lift Their Voice and Discover who THEY ARE". Your camper will have time during each day to reflect and journal on their experiences. If your child likes to journal, please put a small notebook in their backpack for reflection.

Tying all of this together is a weekly project. It is tied to the property and will serve as a lesson on the importance of service to others. Possibilities include things such as bat or bird houses, trail work, debris removal from camp sites etc. The projects will be guided by the groups.
